Midway District Extension Crops and Horticulture Agent

Craig Dinkel

"Know Your Water" Materials Mailed to Local Residents

"You've Got Mail!" The Midway Extension District recently teamed up with KSU Watershed specialist Stacie Minson to mail all Russell and Ellsworth county residents resources and information regarding the new "Know Your Water" project taking place across our extension district. Please review this information at your convenience.

This new program is designed to increase knowledge about our local water supply. The program allows local residents to have their private water well tested for water quality free of charge, if it is utilized primarily for human consumption.

If you are interested in taking advantage of this free service please fill out the informational card included in the packet, and mail it back to the address

provided. Educational handouts included in the packet provide information on our local watershed district, how to test a private well for water quality, and finally how to properly maintain a private water well.

Resources included in the packet provide information on the Midway Extension District office, and its agents. It also includes a complimentary refrigerator magnet listing county wide contacts with relevant water resources and information.

This project has received funding from K-State 105. The 105 project is Kansas State University's economic growth and advancement initiative for all 105 counties in Kansas. Learn more about K-State 105 at <http://www.k-state.edu/105>.

Several agencies and university departments have teamed up to create the "Know Your Water"

program. They include, Kansas State University, Kansas State University Research and Extension, KSU Big Creek Middle Smoky Hill River Watersheds, KSU Midway Extension District, the Kansas Center for Agricultural Resources and the Environment (KCARE), Fort Hays State University, the Kansas Department of Health, Russell County Landfill, Ellsworth County Noxious Department, Russell & Ellsworth County Conservation Districts, and the cities of Russell and Ellsworth Kansas.

If you have questions regarding the information enclosed in your packet, or want to learn more, please contact the Midway Extension District office(s). Craig Dinkel can be reached at 785-472-4442 or cadinkel@ksu.edu. Clinton Laflin can be reached at 785-483-3157 or cllaflin@ksu.edu.
